

The East Falls Historical Society

Presents, Via Zoom

The 1895 Falls Bridge under construction, East Falls in the distance.

The Falls Bridge: Structure and History

Justin M. Spivey, PE, APT, RP

Senior Associate with Wiss, Janney, Elstner Associates, Inc.

Wednesday, December 9, 2020, at 7 p.m.

Free, but donations and new memberships welcome!

Find the membership form on our website*

The 1895 Falls Bridge over the Schuylkill River, which connects the river drives, is much beloved by Fallsers, but also by admirers of bridges everywhere. It will soon undergo major renovation. Justin Spivey is a preservation engineer with special expertise and interest in the Schuylkill River bridges. Please join us to hear him speak about this iconic structure.

**The Zoom link will be mailed to EFHS members and posted on our website*
December 8.**
